CAREER SUMMARY

A motivated and detail-oriented Computer Science and Engineering student with a strong foundation in technical skills and a commitment to continuous learning. Ready to work independently and as part of a team, I am committed to adhering to industry best practices and contributing to successful project outcomes. My experience in AI tools, and content creation, coupled with my fast learning ability, makes me a valuable asset for innovative technological solutions.

EDUCATION

Siksha 'O' Anusandhan University (ITER)

Bachelor of Technology in Computer Science Engineering (CGPA 7.94)

Bhubaneswar, India

2021-2025

St. Xavier's HighSchool

Class XII (Secured 86%)

Bhubaneswar, India

2021

Loyola School

Class X (Secured 86%)

Bhubaneswar, India

2019

SKILLS

Technical: Python, SQL, FrontEnd: HTML, CSS, Javascript

Tools: Git and Github, Bootstrap, Microsoft Office, Visual Studio Code, PyCharm

Soft Skills: Problem Solving, Critical Thinking, TimeManagement, Email Writing

Projects

Movie Recommender System | Machine Learning

June 2024

Tech Stack: Python, Scikit-learn, NLTK, Streamlit, Pandas, Pickle

- Developed a movie recommendation web app using Streamlit, integrating an ML model for personalized suggestions.
- Recommends similar movies from a 4,806-title collection based on user-selected movies.
- Utilized NLTK for natural language processing (NLP) to pre-process data and employed Scikit-learn for computation and analysis.

Academia Data Management System | SQL

Feb. 2024

Tech Stack: MySQL

- Designed a MySQL-based database system to efficiently track and manage attendance for educational institutions.
- Developed and structured tables for students, faculty, batches, subjects, and attendance records, enabling comprehensive attendance monitoring and reporting.

Internships

Data Entry / ThenX

July 2023 – Aug. 2023

- Performed competitor product analysis and data entry in Excel with precision and efficiency.
- Streamlined data entry by categorizing competitor products, ensuring data accuracy.
- Managed tasks to meet deadlines while maintaining high accuracy in data comparison.

ContentWriter / AIHunt

April 2023 – June 2023

- Leveraged ChatGPT3.5 to curate and generate technical news content, showcasing expertise in natural language processing and AI technologies.
- Contributed insightful articles to AIHunt, demonstrating proficiency in content creation, SEO optimization, and audience engagement strategies.
- Collaborated with cross-functional teams to ensure timely delivery of content, honing skills in communication, teamwork, and project management.

- Developed dynamic web pages using HTML, CSS, and JavaScript, demonstrating proficiency in front-end web development technologies and best practices.
- Designed and implemented a portfolio showcasing projects and skills, a landing page for a fictional product, and a calculator application, showcasing creativity and problem-solving skills.
- Conducted thorough testing and debugging to ensure the functionality and performance of web pages, gaining experience in web development workflows and version control systems.

- Utilized cutting-edge AI tools including MidJourney, DALL-E, Leonardo AI, and FreeFlo AI to generate compelling and innovative content for social media platforms, showcasing proficiency in AI content creation technologies.
- Conducted a comparative analysis between AI-generated and human-generated content to evaluate engagement metrics, demonstrating analytical skills and the ability to draw meaningful insights from data.
- Managed multiple social media accounts, ensuring consistent posting schedules and content quality, highlighting organizational and time management abilities.

ACHIEVEMENTS

- 4-star Python rating on HackerRank
- 4-star SQL rating on HackerRank

COURSES

Career Essentials in Generative AI Certificate

May 2024

SQL (Intermediate) Certificate

July 2024

Python (Basic) Certificate

July 2024

SEMINARS

- Campus engagement session of **SUBEX**.
- Campus engagement session of **Grant Thornton Bharat**.
- Attended Session of LTI Mindtree.

EXTRA CURRICULAR ACTIVITIES

- Served as captain of my school's Kabaddi team, leading the team in various tournaments and competitions.
- Secured 3rd place in 4x100 meters relay Track Events in the School Annual Sports Meet.
- Secured 1st place in 200 meters Track Events in the School Annual Sports Meet.
- Led a team of four individuals for the school exhibition, coordinating tasks and ensuring a successful presentation.
